Fellow Red Angus Breeders and Friends:

Well, it's that time of year again! Where did the year go? I want to start by thanking all our past and future customers. Our goal is to help you get your herd where you want it to go! In a time of variable cattle prices, it's good to know that Red Angus genetics are topping the markets. It's because Red Angus are in demand all over the country. The females are outselling their steer mates, what other breed can say that? When it comes to cross breeding, Red Angus genetics compliment all other breeds.

We are again offering a volume discount on bull purchases. If you purchase 5 bulls you will receive a 5% discount on your total bull purchase and if you buy 6 bulls or more you will receive a 10% discount on your total bull purchase. As always we offer free delivery on bull purchases within 500 miles of the ranch. Also, be sure to notice the Top Dollar logo's on the bulls that qualified for this program. This is a way for Sutherland Farms to help you market your calves. More info on page 3.

We are excited to bring you a group of bulls we are very pleased about. The quality runs deep in this set and the overall consistency of the bulls is better than ever. The bulls included in the sale are the top 40% of our bull calf crop from 2018, as we have already shipped 3 loads of steers last fall that averaged over 700 pounds! The quality in these bulls is top notch and the competition is tough to make it into the sale.

We feed and grow the bulls in our own bull development feedlot on hay, silage, oats, corn, and a protein supplement ration. The protein supplement is a blend of natural by-pass proteins that provide essential amino acids for improved feed conversion. This means we get the desired gains using less grain. It also helps produce more muscle and less fat. This ration is designed for a 3lb/day gain. Each bull in the sale has been hand selected based on the following traits: soundness, structure, docility, performance as well as calving ease, growth and maternal. All bulls are sold guaranteed and have passed a breeding soundness exam.

There will also be a fancy, fancy set of home-raised commercial yearling replacement heifers that will follow the bulls in the sale. These heifers are raised right alongside of the heifers that we keep as our own replacements. This will include a pen of stout made Simmental cross heifers with tons of brood cow potential. When selecting for replacement females we are selecting for soundness, structure, docility, femininity as well as calving ease, growth and maternal qualities. The replacement heifers are fed a maintenance ration in the feedlot to condition them for breeding. The average weight on the heifers is about 850 lbs.

Feel free to stop any time before the sale to look at the cattle. Calving has started, but someone will be around whenever it is convenient for you. Please join us on Friday, March 1st, at the Ranch feedlot. Lunch will be served starting about 11:30 and the sale starts at 1 PM (MST). We hope to see you there!

Bob, Laurie and the Sutherland Farms Crew!

Superior Livestock Bidding Information:

We have made preparations to bid and buy livestock through Superior Productions' "Call or Click-To-Bid" service for those unable to attend in person on sale day. Please note that all of the lots in the sale will also be available for viewing online prior to sale day at www.superiorlivestock.com.

Here's How It Works:

Turn in Bids Over the Phone: This is our traditional method of buying livestock and is the suggested process for anyone who does not have excellent, high-speed internet. To get started simply go online to www.superiorlivestock.com and click on the tab titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the registration form, fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it. You can also mail it in to the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use on sale day to place bids over the phone.

Click-To-Bid: This is Superior's newest way to buy cattle! **Please note that high speed internet is required – this is not for dial-up or satellite internet.** Registration is free, but you must become a member of www.superiorclicktobid.com to sign up. Becoming a member is easy – just go to the homepage of www.superiorclicktobid.com and follow the out-lined steps to get started. Input your information and select a username and password. You will receive an e-mail confirming you are a member. From that point forward you just have to sign in and select the sale you would like to register for and once approved by the ranch you will receive an e-mail confirming which sale you are now registered for.

For additional questions, you may also contact Jake Feddes (406) 581-8157

Bidders who are successful in making purchases via internet will be contacted by the ranch after the sale to settle payment and make shipping arrangements.

RED ANGUS FEEDER CALF CERTIFICATION PROGRAM TAG VOUCHER

Genetic, Age and Source verify your feeder calves free or at minimal cost to increase potential for premiums in the Red Angus Feeder Calf Certification Program (FCCP).

Sutherland Red Angus Farms will help you with this easy process.

1. Call the Red Angus Association of America at 940-387-3502 to answer a few questions to enroll.
2. Calves sired by Sutherland Farms bulls are eligible for the FCCP program. The RAAA will invoice the cost of the tags to us at the rate of one bag of 25 tags per bull purchased in this year's sale. If you need additional tags, they can be purchased by the bag for \$0.99/tag, but can only be used in calves that qualify for certification.

3. The FCCP tags are serial numbered at the bottom leaving space on both the front and back for your own numbering system of ID. This is the lowest-cost system in the industry to USDA genetic, age and source verify your cattle.

Top Dollar Angus Feeder Calf Program

Top Dollar Angus is a genetic-certification and marketing company focused exclusively on the top 25 percent of the industry in carcass and growth Angus and Red Angus-influenced feeder cattle. Top Dollar Angus is a program similar to other popular branded-beef programs, except that Top Dollar Angus does its branding in the feeder cattle and calf market.

Qualified herds must have two or more generations of Angus (Black or Red) genetics with growth and carcass traits objectively ranking in the top 25 percent of the breed based on documented historical sire use. DNA evaluation conducted by Zoetis or GeneSeek is another workable method to qualify. Once your cattle have met the necessary requirements, they will be marketed under the Top Dollar Angus brand and logo, and will be promoted aggressively to a large number of feed yards and buyers. In today's market, Top Dollar Angus cattle are seeing premiums ranging from \$30 to \$70 per head above the average market.

Why the premium? Cattle feeders know that Top Dollar Angus cattle perform better and have higher grid-based carcass rewards compared to other cattle. This puts more dollars per head into the cattle feeder's pocket, which can be passed back to the producer in the form of premiums paid above market price.

Top Dollar Angus helps take the guess work and surprises out of growing and feeding cattle. Feed yards are tired of unpredictable performance and wide-ranging profitability results from group to group on cattle they purchase. Cattle often look the same and have the same colored hides, but are very different genetically. That's why the genetic certification of high-end Angus and Red Angus feeder cattle is here! The industry must differentiate the best Angus and Red Angus genetics from average cattle, and that's what Top Dollar Angus will do for you!

If you have consistently invested in high-performance Angus or Red Angus genetics, Top Dollar Angus will make your cattle stand out from the pack and get you the premiums you deserve. No matter how you market your cattle, our goal is to create more demand and higher prices for your calves.

SimAngus™ Yearling Bulls

The newest sire to our SimAngus Lineup is PLR Idealistic 183c. This is the first year we will offer sons out of him. He is a powerfully constructed bull, with an impressive phenotype, who is extremely soft sided, big footed and offers tons of rib shape and dimension. To top it off, he only weighed 72 pounds at birth.

He ranks in the top 7% of breed for GM, the top 18% for WW and YW and the top 5% for REA. This group of his sons will be dark red and phenotypically pleasing. If you are interested in the hybrid vigor of the Simmental, Red Angus cross we highly recommend these bulls. PLR Idealistic is the sire of lots 33-37.

SimAngus™ Yearling Bulls

ES SUTH Commander BT202 was selected as a herdsire from the Eichacker family in South Dakota. Commander has an exceptional phenotype. He is a deep bodied, big middle bull that offers tons of width and natural thickness and stamps his calves with this same great look! To compliment this, he has a balanced EPD profile that has growth numbers in the top 25% and is in the top 3% for Ribeye EPD. These sons should do an excellent job of injecting a touch more muscle into your calves without sacrificing the maternal & calving ease traits of our Red Angus. ES SUTH Commander is the sire of lots 56-60, 84, 93, 95 & 98.

Commercial Heifers

Lots 101-245 are the commercial heifers. The commercial heifers offered here are all home-grown, and have NO brands. The heifers will weigh 800-850 lbs. on sale day. They will be grouped in pens of 30 and sold in lots of 5. In this manner we will bring into the ring the first 5 heifers in that pen. They will represent the entire pen. The successful bidder will then have the right to take as many of the heifers in this pen, in 5 head increments, as he wishes, at the same price as the first 5 lots. Thus, he could buy 5, 10, 15, 20, 25, or 30 heifers at one bid.
